Millbrook, ON L0A 1G0

Dear Brigid,

On behalf of the producers, cast and crew we would like to extend our gratitude and appreciation for permission to film one of our scenes in the beautiful Town of Millbrook.

Please accept this letter as a formal request to the Township of Cavan Monaghan Council from Netflix/ Fells Point Productions, ULC to consider requesting relief from the Noise By-law and the Filming Guidelines By-law requirement to seek written approval from affected residents to proceed with filming past the 11pm curfew.

Specifically, we would like to propose that the notification process be changed from the current time-honoured format of knocking on resident's doors to garner signatures for approval and be replaced with the current method of the "Have your Say" program which has been adopted by the Cities of Toronto, Mississauga, Hamilton and more recently in the Township of King.

Due to COVID it was deemed problematic to have representatives from film companies to knock on doors and interact directly with residents. People were justifiably reluctant to answer. Instead a very effective system was implemented to letter the areas affected by a filming event and offer the residents the forum to reply by phone or e-mail either to us directly or to the local film office representative to answer questions or raise any concerns. Concerned citizens were called back immediately by us and their questions were answered. If there is no response from the resident, then compliance is accepted.

For the purposes of our proposed upcoming film shoot on Thursday, July 22nd we shall be canvassing the business' on King Street and both myself and Karen Tulk will be available to follow up.

Attached to this request is a first draft of our letter of notification containing the language that explains the process.

Yours truly,

Mark Logan
