Notice of Animal Services Agreement Termination

Dear Ms. Hurley;

This letter is to serve as notification that the Peterborough Humane Society (the "Society") will be terminating its agreement with the Township of Cavan Monaghan for contracted Animal Impound Services. The transition is effective 60 days (March 14th, 2022) from the date of this letter.

As a result of Council's recent decision to deny the investment proposal brought forward by the Society to invest in Animal Services through the 2022 budget process, the Society and its Board of Directors have deemed it necessary to review the service agreements with its contracted Municipalities in order to support the Society's long-term financial sustainability, which includes the modification of some Municipal services.

The Society remains committed to animal wellness, as it has been for the past 81 years, and is dedicated to providing animals in need with the essential care, housing, nutrition, and services they require, in a fiscally responsible manner.

The Society is willing to discuss a revised agreement that will be based on a new fee for service model to aid in animal welfare within your Municipality if desired, and is open to engage in conversations to adopt a new fee for service model at your request.

If you have any questions with regards to the termination of this agreement, please feel free to contact me directly.

Regards,

Shawn Morey
Executive Director
