9.1.2 Rolling Dinner

Councillor Huntley spoke to the Rolling Dinner being approved in the 2020 budget and noted the need to get started on planning the event. Councillor Huntley explained the vision being a Rolling Dinner either having one or multiple locations in the hamlets over the summer months. The first step is to contact partners to help facilitate this initiative such as Peterborough Economic Development, the Women’s Institute, the BIA and various other organizations. The thought is to create an environment around food where vendors and organizations within the Township can come and display what they are about or what they sell, and provide an opportunity to discuss the CIP benefits and the mandate of the Committee with an emphasis on Heritage and Revitalization.

Although the roof material is not noted in By-law 86-32, the Municipal Revitalization and Heritage Advisory Committee recommends to the property owners of 60 King Street West select a roofing material that is in keeping with the heritage structure and the shape, size, colouring and patterning of the existing shingles and the Committee is available for direction if needed.
