The property at 6 Gravel Road is worthy of designation under Part IV, Section 29 of the *Ontario Heritage Act* for its cultural heritage value and meets Ontario Regulation 9/06, the provincial criteria prescribed for municipal designation under the categories of design/physical value as well as contextual value within the Township of Cavan Monaghan. The property is a representative example of a unique 19th century architectural style, displays a high degree of craftsmanship, and is important in supporting the character of the surrounding area.

Section 5: Statement of Cultural Heritage Value or Interest

The property located at 6 Gravel Road in Millbrook, Ontario is known locally as the William Grier House. The land upon which this house sits was a Crown grant to James Hunter registered in February of 1824 or 1825. In 1863, William Grier purchased the property from Robert Medd.

The house is an example of a brick Regency style Cottage estimated to have been built in the 1860s. The Regency style is evident in the medium pitch hip roof with a center gable at the front, its square plan, and symmetrical arrangement. The house features symmetrical ground floor masonry openings, an arched window in the front gable, and a transom and sidelights around the front door. The 1 ¾-storey house is constructed of red brick with knee-walls on the second floor.

While not a designated heritage feature, a wooden garage has existed on the property for much of its life. The original garage has been moved yet remains intact and in good condition with only some replaced woodwork.

The William Grier house merits heritage designation as it is a unique and representative example of brick construction Regency Cottage architecture and for its contribution to the overall heritage character of the surrounding area.
