CONCLUSION	6

#### Introduction

In January 2019, the Township of Cavan Monaghan engaged Laridae to guide the Council and staff through a facilitated strategic priority-setting process. On February 8, 2019, members of Council and management team staff came together for a full-day facilitated session. The intent of the session was to engage in strategic discussion about the direction and priorities of the Township, encourage team building, and to find alignment on key priorities moving forward.

This report provides an overview of the discussion, summarizes the outcomes and priorities identified during the day, and outlines the shared commitments made by Council.

#### **Planning Context**

In 2012, the Township of Cavan Monaghan completed an extensive strategic planning process that resulted in a multi-year Corporate Strategic Plan. In 2014, the strategic plan was reviewed and updated to reflect the progress that had been made to date.

The plan has provided meaningful guidance to the progress that the Township has made over the past several years. Since the update in 2014, significant progress has been made. Several goals have been accomplished, and significant headway has been made in many more. Of note is the progress that has taken place in terms of financial sustainability.

The intent of this project was to build on the existing plan and find alignment on priorities and actions moving forward over the next two to three years. It was not intended to result in a new strategic plan.

Clarifying strategy and priorities allows for actionable plans to be created that:

- Maintain focus
- Offers direction for project planning
- Help to allocate appropriate resources

Facing new financial pressures and limitations, the Council found itself faced with many difficult decisions. Council members and senior staff agreed that there was a need to follow two guiding principles during the session:

- 1) To work collaboratively to identify and commit to priorities; and,
- 2) To be selective in identifying priorities, while balancing existing commitments, new opportunities, and considering staff capacity and municipal resources.

Ultimately, the goal shared by all session participants was the desire to move the community forward in an efficient and effective manner.

#### **Process**

In January 2019, the Township of Cavan Monaghan set out to review and refresh its strategic plan. An external consultant was retained in order to facilitate the process. The process consisted of the following:

1) A kick-off meeting with the project team to gather information and finalize details related to the project scope, milestones, and expectations.

- 2) Key documents were reviewed, such as previous strategic plans, asset management plans, and capital expenditure documents. An environmental scan and analysis of the current landscape was also conducted.
- 3) A full-day facilitated session was conducted with Council and senior staff. The session allowed Council members and management to share perspectives through facilitated discussion, interactive exercises, and group work. The primary goal of the day was to conduct team building that established a shared understanding of strategic, actionable priorities, and clear guiding principles.

The agenda was as follows:

- Introductions & Intentions for Day
- Discussion: Broad Priorities
- Current Landscape (Environmental Scan)
- Strategic vs. Operational Planning
- SWOT Analysis and Discussion
- Activity: Strategic Directions
- Strategic Action Planning Presentation
- Group Work: Shifting Priorities
- Action Planning: Non-negotiables and the Parking Lot
- Guiding Principles and Values
- Next Steps and Conclusion
- 4) A final report was prepared by Laridae.

# **Corporate Mission, Vision, and Key Principles Mission Statement:**

The Township of Cavan Monaghan is committed to delivering responsive and cost-effective services that provide for the economic, social and environmental well-being of our ratepayers now and into the future.

#### Vision:

Cavan Monaghan is a strong, sustainable rural community. We celebrate, protect and promote our unique history and natural heritage, and value the contribution and interests of all ratepayers in building a prosperous future.

#### **Guiding Principles:**

The updated Guiding Principles are to build upon the existing key foundational principles identified in the original strategic plan. These foundational principles include:

- 1) Operational Performance Excellence
- 2) Building a Strong Community
- 3) Growing our Local Economy
- 4) Respect for our Rural Environment

In addition to the existing key principles above, the following Guiding Principles were identified as guiding tenets on which to base the Township's future strategic directions.

In every way possible, at the core of each of our strategic priorities, we will ensure that we are:

### 1) Building Healthy, Collaborative Relationships

 A culture of trust, mutual respect, and appreciation will be embraced by Council and staff. Teamwork and collaboration will form the foundation of how Council and staff operate, and how decisions are reached.

### 2) Welcoming Diversity, Fostering Inclusivity

 For us, diversity and inclusivity are not just buzzwords; we will build these values into our operations and use them to inform our decision-making.

## 3) Prioritizing Financial Sustainability

 Financial sustainability will be an ongoing consideration as we continue our dayto-day work, and plan for new initiatives.

## 4) Taking a "Planning-Oriented" Approach

 We will maintain a "planning-oriented" approach that is: proactive rather than reactive; accountable; and thoughtful. Through this, we will be better equipped to prepare for, and manage, change.

# **Strategic Priorities**

The strategic priorities and actions outlined in this plan build on the existing strategic plan, as well as the mission, vision and guiding principles identified earlier in this document.

Under each strategic priority, a number of strategic commitments are identified. These commitments/actions will focus the work of staff and Council members over the next term. The strategic directions can be further operationalized through the development of detailed annual departmental workplans.

# 1) Engage residents and stakeholders in community issues and interests

<u>Strategic Objective</u>: Enhancing our communications to engage internal and external stakeholders in a meaningful and strategic way.

#### We are committed to:

- Continue using and improving the Township's website to better reflect community information, economic development opportunities, current policy framework as well as the range of services provided by the Municipality.
- Continue developing, and improving, our strategy for engaging and reporting to local residents, business and community organizations on community issues using a wide variety of outreach tools including social media, e-newsletter and a stronger web presence.
- Developing a communications toolkit that can be used by any representative of the Township and includes resources such as a plain-language key messages document and a message crafting "best practice" checklist.

# 2) Create an environment that supports local business, employment, and the attraction of visitors to the community

<u>Strategic Objective</u>: Increasing the level of business activity in the Township's employment areas.

#### We are committed to:

- Advancing opportunities to develop employment lands as identified in the Official Plan.
- Leverage the policy framework as a means to promote and attract new employment and residential growth to the community.
- Working with local partners to develop and promote entrepreneurial opportunities in Cavan Monaghan, including gaps identified in the mix of businesses and services as well as external markets for local enterprises. Initiate a business retention and expansion program geared to those identified primary industry sectors throughout the municipality.
- Fostering a community that is welcoming to new businesses and supports and empowers new and existing businesses to succeed.
- Developing a strategy to communicate with business owners and entrepreneurs about the benefits and supports available to them (for example, through the BIA), and clarify roles and responsibilities to manage expectations.

# 3) Provide efficient and sustainable municipal and community infrastructure

<u>Strategic Objective:</u> Investing in community infrastructure that reflects our rate of growth and rural nature.

#### We are committed to:

- Initiating the preparation of a detailed implementation plan for the Township's Master Fire Plan that addresses short, medium- and long-term priorities for the community.
- Allocating future OLG revenue towards the Asset Replacement Reserve to fund asset replacement of existing municipal infrastructure as per the Asset Management Plan in January 2015 fiscal year.
- Developing a strategy to support the development of life-cycle housing in Cavan Monaghan.
- Prioritizing major capital projects, review reports (if available), and determine next steps/ timelines. Current capital projects of note include:
  - Millbrook jail
  - Arena
  - Emergency Services
    - EMS
    - Firehall with ambulance bay

## 4) Nurture a Vibrant, Thriving Community Culture

<u>Strategic Objective</u>: Increasing levels of community engagement and integration among new residents.

#### We are committed to:

- Developing a strategy to engage and integrate newcomers to Cavan Monaghan.
- Conducting an audit of barriers to accessibility for newcomers in municipal offices and with municipal programs and services.
- Consulting subject matter experts to develop a strategy for building inclusiveness into our everyday operations and business practices.
- Supporting new and existing residents through the cultural and lifestyle shifts that the community is experiencing through enhanced communications.

## 5) Continue high-quality, efficient delivery of core services

<u>Strategic Objective:</u> Increased efficiency of service delivery that reflects our changing community and internal capacity.

#### We are committed to:

- Conducting a full review of core services to determine needs and sustainability of current model, help manage expectations [among residents], and to look for opportunities to leverage technology and streamline processes to increase efficiency.
- Proactively anticipating service needs and planning to ensure that we have the capacity to meet those needs, using operational plans and ongoing annual reviews.
- Improving our communications, as identified in priority #1, with residents about municipal services to: keep residents informed, increase accessibility of information, and manage expectations about varying levels of service.

## Conclusion

The new priorities detailed in this plan provide the Township of Cavan Monaghan with clear focus and a strategic framework to drive progress over the coming years. Once adopted, Council and municipal staff will begin implementation through the following steps:

- 1. Detailed annual departmental operational plans will be developed. Goals and objectives will be aligned with the new strategic directions;
- 2. The strategic directions will be communicated internally and externally; and.
- 3. Progress on the directions will be reviewed using annual report cards and goals amended as contexts change over the coming years.
- 4. An annual review of the strategic objectives.
